K1-K3: 🕒 1-hour workshops

P1-P6: 🕒 5-days (2-hours per day)

# GOING TO K1-K3

Programmes highlight topics such as feelings and values taught through Feelings, Virtues, Fables, and Role Models Series. Workshops are 1-hour long and are catered to no more than 6 students per class.

Take advantage and enrol in this time-limited series!

# FEELINGS SERIES

By learning about feelings, students deepen their understanding of themselves and enhance their interpersonal skills. Students learn to build their 'emotional dictionary' and then learn to identify, articulate and express their feelings to others, while also learning to empathise and relate to others.

# GOING TO P1-P6

Programme topics highlight Character values such as gratitude, resilience, teamwork, and perseverance.

5-day programmes are 2-hours long each day and are catered to no more than 8 students per class.

# HOW TO: HAVE A GROWTH MINDSET

Research shows children with a growth mindset are more willing to take on challenges and learn from them. In this programme, students learn what they need to apply perseverance in and how to have a growth mindset when facing failures. Through hands-on science activities, students practice applying a growth mindset in situations where they may want to give up and learn that we can create and maintain a growth mindset in all circumstances.

# HOW TO: HAVE A POSITIVE ATTITUDE

We know that with the right attitude, we can reach higher altitudes in life. This programme challenges students to think critically about their choices and learn that a good attitude starts with choosing how to think, feel, and then do. They learn how the right choices can lead them to have a positive, perseverant, grateful, and generous attitude.

# HOW TO: PRIORITISE AND MANAGE TIME

School work, piano, reading, football - there's so much to do in a day! Through this programme, students learn to prioritise their schedule and how to be responsible in using their time. Through discussions and other hands-on activities, students learn the importance and skills of time management.

# HOW TO: UNDERSTAND EMOTIONS

Emotional regulation is important and can help us face our challenges and struggles with strength. In this programme, students focus on building their emotional resilience through learning about different emotions, how to identify their own feelings, how to regulate emotions and express them responsibly.

# HOW TO: HANDLE PRESSURE

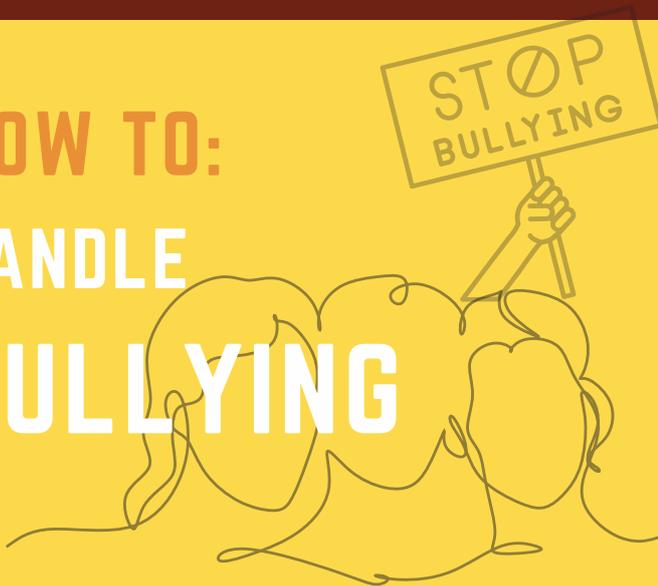

Times are changing and change in our daily lives seems to be more present than ever. Learning to handle pressure effectively helps us overcome challenges and move towards accomplishing our goals. Students explore what pressure is and how it can affect their body, thoughts, and emotions. Students learn coping mechanisms to tackle pressure and how to apply them to their daily life.

# HOW TO: FIND FRIENDS & FACE FIGHTS

Students learn to identify qualities of a good friend and consider practical ways to build in that relationship. Students are also introduced to possible conflicts amongst friends and learn different approaches in communication to rebuild a friendship. The programme concludes with an outing component to help students put into practice the tools they have learnt in this programme.

# HOW TO: HANDLE BULLYING

Relationships are complex. Students consider the 3Bs of Bullying - the bully, the bullied, and the bystander. They explore what bullying means and are guided into considering the intentions of another. Students also look into how their thoughts, emotions, and actions play a role in bullying and what that can look like. As students consider their role in friendships, they are reminded of the ways in which they can handle bullying in a sensible way if they come across these situations.

# HOW TO: COMMUNICATE WITH OTHERS

Communication is key. Students learn the importance of communicating clearly and explore different expressions of communication - verbal, and non-verbal, as well as look into online communication methods. They will consider the skills required for clear communication, such as clarity, intonation, tone, and pace.
